Lecture 21: November 13, 2019

Reading:

1. Greetings and felicitations!

   (a) Grades: do not panic; remember we drop the lowest homework score

   (b) Canvas records percentages, but those may not be the final weightings

   (c) Please haunt our offices early about homework, or anything else; do not wait until the last minute!

2. Function pointers and `qsort` [*qsort.c*, *qsort2.c*]

3. unions [*union.c*, *union2.c*]

4. Review variable scope [*scope.c*]
