Outline for March 6, 2001

1. Greetings and felicitations!
    a. Structure of a presentation: title & team, outline, body, conclusions; list sources in conclusion
    b. Paper: please use at least 10 point, preferably 12 point, fonts (for my eyes!) and put it into Postscript of PDF. Submit in the usual way.
2. Malicious Logic: Defenses
    a. Type enforcement
    b. Limiting protection domain
    c. Sharing
    d. Integrity checking
    e. Acting beyond specification
    f. Statistical (anomaly) detection
3. Examples
    a. Hydra and capabilities: amplification of rights
    b. Amoeba and capabilities: protecting capabilities
    c. Andrew: positive and negative rights
